

Blue Moon Artillery instructions

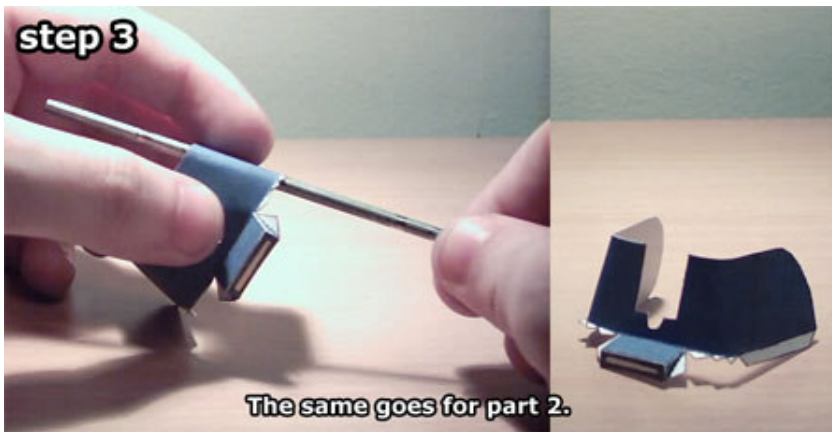

step 1

step 2

step 3

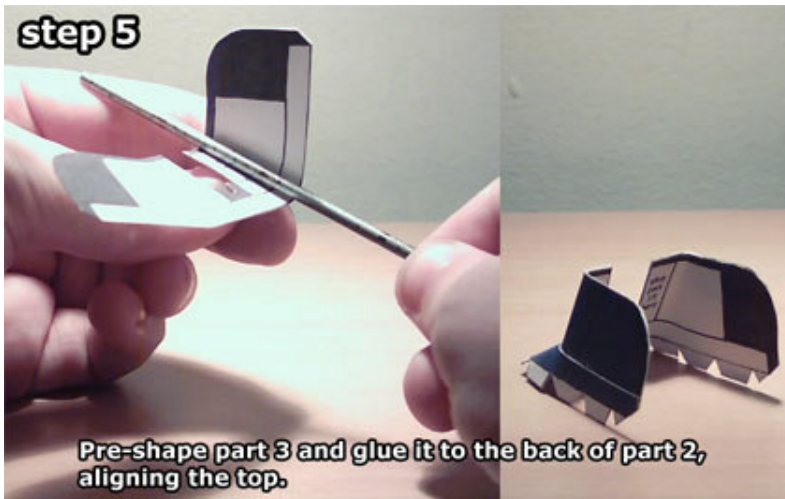

The same goes for part 2.

step 4

Now glue parts 1 and 2 together.

step 5

Pre-shape part 3 and glue it to the back of part 2, aligning the top.

step 6

Cut out the four slots on part 4 and pre-shape the part.

step 7

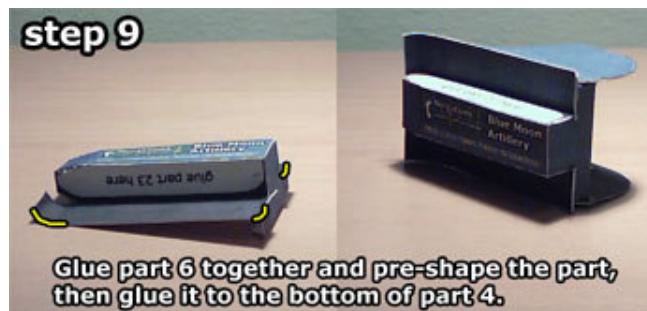

Push four of the tabs on part 1 through the slots and glue the parts together.

step 8

Glue together part 5 (pay attention to the two front tabs!) and glue it inside part 1.

step 9

Glue part 6 together and pre-shape the part, then glue it to the bottom of part 4.

step 10

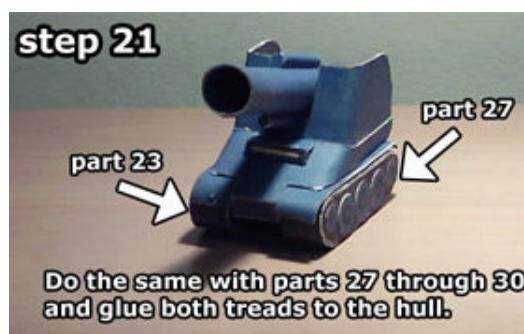

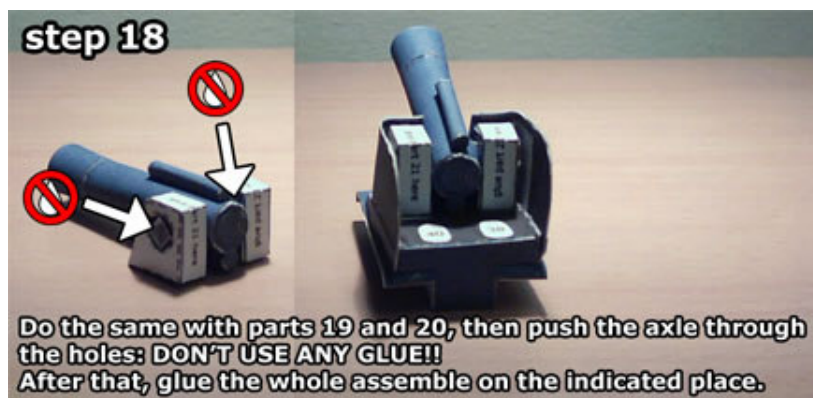

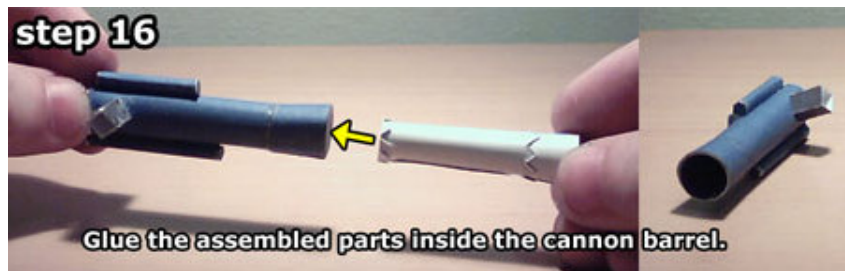

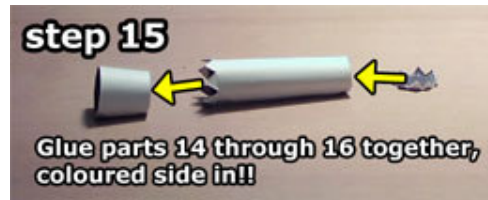

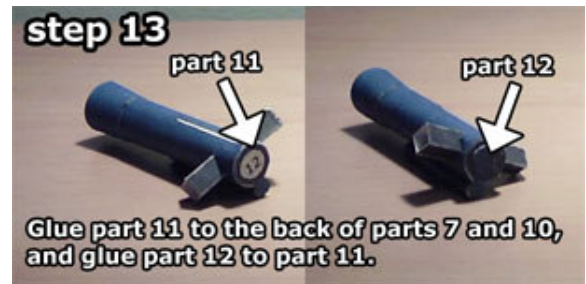

Cut out parts 7 and 8. Push the axle through the holes in the sides of part 7.

step 11

Glue part 9 to the front of part 7.

step 25

Assemble parts 41 through 44 and glue them to the body.

step 26

Glue the gunner on the back of the artillery. Yes, that *is* a big gun he has there...

step 27

Parts 45 through 58 go together much like parts 31 through 44, but the arms are a bit different.

step 28

Assemble parts 59 through 61 as indicated. Glue the binoculars between the hands of the spotter.

step 29

**Blue Moon
Artillery**

Your Blue Moon artillery is finished!
Thank you for downloading and building a Ninjatoes' paper model!!!
